PREMIUM FLAGPOLE KIT TEMPLATES

10% SCALE

TEARDROPS

BLADES

PREMIUM 90°

RED - Main Body. Try to stay about 1.5-2" away from edges if possible on the designs. That way there will be no stitching thru logos. This file is set up 10% scale. You cannot change the shape or size for this sectional pole.

BLUE - Pole Sleeve. This is where the the pole will go thru. It will actually be thinner than shown, due to sewing. You can use this pole sleeve in the design but there will be a sewing stitch line.
